## Gamma-Rho Zeta Closes in on Two Milestones

*The Chapter House in 1930.*

*The Chapter House in 1958.*

*The Chapter House today.*

Our Chapter began as a local fraternity at OU named Sigma Phi, which was chartered as Gamma-Rho Zeta of Lambda Chi Alpha on October 9, 1926. Three years later the new fraternity completed its first owned Chapter House at the southwest corner of Lindsay and College Avenue, on what at the time was open prairie. The “Palace on the Prairie” was completed in 1929 and will turn 90 years old this academic year.

The Chapter House changed over time with an addition in the 1950s and our recent refurbish-

ment five years ago. It is one of only two original chapter houses on the OU campus still used by its founding fraternity. Our Chapter House has served as home for thousands of our brothers during their time at OU and is a focal point of pride for our alumni.

Another milestone is rapidly approaching, as Gamma-Rho Zeta will soon initiate its 3,000th member, the most of any chapter of Lambda Chi Alpha. Our Chapter House, the bedrock of our fraternity, populated by 3,000 outstanding mem-

bers over the years, is tied together by our ritual. House, men, ritual: the three foundation legs of our Chapter. As these milestones approach, I will soon be retiring as president of Sigma Phi, our building corporation, where I have had the honor and privilege to serve for the last 15 years.

**T**he Chapter has seen many milestones and reasons for celebration. Thanks to generous donations from our alumni and friends over the years, Gamma-Rho Zeta has continued this tradition of excellence.

We recently learned that our current online gift processor will soon discontinue its support of the platform we use to process online gifts for Gamma-Rho Zeta. Luckily, we have secured a new online giving platform through Omegaf: <https://contributions.omegaf.com/contributions/product/1672-lxa-ok-house-corporation>. For those who currently have gift payments, we will provide a form for you to update your information with the new link as well.

Each of us understands our contributions are an investment in the future of Gamma-Rho Zeta. Alumni donations ensure our continued success at the University of Oklahoma and provide a legacy upon which to build an even greater brotherhood.

We are thankful for your support and encourage you to stay up to date with the Chapter’s increased progress this year. If you have questions, please contact our campaign coordinator at (785) 843-1661.

# SECURING *the* LEGACY

## HOW SERVING AS HIGH ALPHA INFLUENCED SAMUEL JACKSON, GP 2767

When **Samuel Jackson, GP 2767** first stepped foot on the University of Oklahoma's campus, he felt confident Greek life was for him. His mother was a member of Kappa Alpha Theta at OU and his dad was a member of Delta Tau Delta. Samuel grew up hearing about their positive experiences. "I chose Lambda Chi for a handful of reasons, but primarily for the role models. I spent most of my time on the golf course in high school, but I knew that I wanted to focus on my academics and personal development in college. I would not have had the same success if it were not for brothers like **Nick Creedon, GP 2598**, **Zach Schuermann, GP 2649**, **Alex Berney, GP 2658**, and **Bailey Champagne, GP**."

Looking to these examples of the Gamma-Rho Zeta values, Samuel felt confident taking on roles such as High Sigma and High Alpha. "I have learned a lot about myself as a leader from both positions. High Sigma was a fun role where I was able to serve as an academic mentor for the Chapter and identify our top associate and active members. High Alpha enabled me to take charge of an organization, which I value immensely. I have been fortunate to have a passionate group of officers working alongside me to better our fraternity."

Even outside of the Chapter, Samuel has taken on numerous leadership roles within OU's community, including special events chairman for the energy management association and member of Crimson Wishes executive committee for the Make-A-Wish Foundation. "I have been involved in a handful of organizations outside of Lambda Chi Alpha, and that is

mainly due to the great mentorship I received as an associate member. I am also a part of a group of students called LEAD Team at OU where I serve as an ambassador for the Leadership and Volunteerism office."

*"The best part of joining Lambda Chi Alpha has been the friendships I have developed throughout my experience. I know I will carry many life lessons from my experience into the future and that these relationships will transcend our college years."*

As High Alpha, Samuel offers the same advice he was provided during his time as an associate. "Our Chapter offers a wide variety of opportunities to get involved. I have enjoyed my service on the Zeta, but I look forward to finding new opportunities as my presidency comes to an end. From intramurals to Sooner Scandals, there are infinite ways to serve the Chapter and I plan on seeking these out."

While looking to the future as a finance and energy management major, Samuel reflects on his favorite aspect of the Gamma-Rho Zeta brotherhood. "The best part of joining Lambda Chi Alpha has been the friendships I have developed throughout my experience. I know I will carry many life lessons from my experience into the future and that these relationships will transcend our college years." ## How Will You Commemorate Gamma-Rho Zeta's Milestones? ADD YOUR NAME TO OUR DONOR LIST TODAY

In spring 2018, 18 generous alumni responded to our call for support and donated more than \$4,500 to Gamma-Rho Zeta. These funds were used to provide scholarships and leadership opportunities, contribute to our capital campaign efforts, strengthen our alumni relations program, and create our memorial walkway. Supporting these opportunities helps us continue Gamma-Rho Zeta's legacy at the University of Oklahoma. Donors are listed in their cumulative giving level.

## The Crescent Is Our Symbol; The Cross Is Our Guide

*Gamma-Rho Zeta Honored for Outstanding Volunteerism*

**T**he men of Lambda Chi Alpha enjoyed an immensely successful spring semester full of community service, academics, and philanthropy. Our Chapter continues to set the leadership example for our peers, prospective students, and surrounding community.

***The Return of the White Rose Pageant***  
The reintroduction of the White Rose Pageant was a success for Gamma-Rho Zeta. The pageant had not been conducted in four years, but that was not apparent as the event raised over \$2,500 for Big Brothers Big Sisters in Norman. The pageant had contestants from six Panhellenic chapters at the university, with Delta Gamma securing first place. High Theta **Chapman Wise, GP 2823** worked tirelessly to gather information on the event from alumni and former contestants to ensure a successful return. The Chapter will continue this philanthropic event in the spring and incorporate a fall basketball tournament at the Chapter House.

### ***Chapter Receives President's Award for Outstanding Volunteerism***

Gamma-Rho Zeta has always taken pride in serving our community, but this spring our efforts came to fruition after receiving the President's Award for Outstanding

Volunteerism. The men of Gamma-Rho completed nearly 2,800 community service hours upon submitting our President's Trophy application. The Chapter was also awarded runner-up for the President's Trophy last spring, the most prestigious award available to Greek organizations at OU. Both of these awards portray the Chapter's dedication to producing members of character who excel in academics, leadership, and service.

### ***Gamma-Rho Zeta Welcomes 59 Associate Members***

This fall, our Chapter signed an impressive 59 associate members due to a collective recruitment effort led by our High Delta, **Andrew McDonald, GP 2775**. The Chapter looks forward to mentoring and developing these young aspirants into men worthy of our bond.

### ***Connect with Lambda Chi Alpha***

It is an exciting time for alumni involvement with many new opportunities for engagement with the Chapter. Through collaboration with the Gamma-Rho Alumni Association and our High Rho, **Aidan O'Brien, GP 2822**, we are coming up with new ways for alumni to reconnect and engage with the Chapter.
